## AGENDA - January 19, 2017

### 4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR

#### BUSINESS AND FISCAL MANAGEMENT

##### 4.4 Approve/Ratify Contracts for Services (Action)

##### **Background Information:**

Board Policy 3312 states “The Superintendent or designee may enter into contracts on behalf of the District. All contracts must be approved or ratified by the Governing Board. No contract made under this delegation of power shall be valid until the Board approves or ratifies the contract.

##### **Reports:**

The attached contracts need the approval/ratification of the Board.

##### **Financial Impact:**

The attached contracts listed above will be paid from the sources as noted. All of the listed contracts are included in the current 2016-17 District budget.

---

##### **Superintendent's Recommendation:**

That the Board approve/ratify the contracts for services.

Moved \_\_\_\_\_ Seconded \_\_\_\_\_

Ayes \_\_\_\_\_ Noes \_\_\_\_\_ Absent \_\_\_\_\_ Abstain \_\_\_\_\_ Student \_\_\_\_\_

#### 4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR

##### **BUSINESS AND FISCAL MANAGEMENT**

##### 4.5 Authorize Disposal of Surplus Property (Action)

###### **Background Information:**

According to Board Policy 3270, the Board must take action to declare materials and equipment obsolete so that the District may dispose of those materials. The District has identified the following equipment that has reached the end of their useful life for the District and need to be removed from inventory.

###### **Reports:**

The following fixed asset items are ready for disposal:

- Pugmill- fixed asset tag # CU031652003
- 84-Passenger Wheelchair Bus- VIN# 1BABNBMA23F207896

The materials listed in Attachment "CUSD Surplus Instructional Materials Inventory 2016-17 are considered surplus due to:

- new adoptions of instructional materials (particularly in mathematics K-12);
- materials becoming obsolete; and
- materials being damaged/in poor condition.

###### **Financial Impact:**

There is no immediate impact to the General Fund as a result of this action for the surplus. Any funds recovered from disposal will be returned to the General Fund.

---

###### **Superintendent's Recommendation:**

That the Board declares the equipment obsolete and that the District be authorized to dispose of them in accordance with District policies and Education Code requirements.

Moved \_\_\_\_\_ Seconded \_\_\_\_\_

Ayes \_\_\_\_\_ Noes \_\_\_\_\_ Absent \_\_\_\_\_ Abstain \_\_\_\_\_ Student \_\_\_\_\_

Bending at the waist, kneeling, crouching and crawling.

Dexterity of hands and fingers to demonstrate activities, prepare materials, to operate a computer keyboard and other office equipment

Hearing and speaking to exchange information and make presentations.

Seeing to read a variety of materials.

**4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR**

**BUSINESS AND FISCAL MANAGEMENT**

**4.9 Approve a Temporary Separate ASB Account to Process Donations (Action)**

**Background Information:**

The state disclosure law (Business and Professions Code 17510 to 17510.7) requires volunteers 11 years of age and older to present potential donors or buyers information, including the purpose of the solicitation and the address from which further information about reviews and administrative expenses may be obtained. Unless board policy or practices states otherwise, students can assist with non-student organization fund-raisers.

Governing Board approval is necessary to set up a separate Quick Books account to process donations approved by the ASB students to allow for donations from the Empty Bowls fundraiser to the Hunger Project. All flyers, posters, etc. will state that all proceeds go to the Hunger Project.

**Financial Impact:**

None for this action

---

**Superintendent's Recommendation:**

That the Board approve a separate ASB account to process donations from the Empty Bowls fundraiser to the Hunger Project.

Moved \_\_\_\_\_ Seconded \_\_\_\_\_

Ayes \_\_\_\_\_ Noes \_\_\_\_\_ Absent \_\_\_\_\_ Abstain \_\_\_\_\_ Student \_\_\_\_\_

**4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR**

**SITES AND CONSTRUCTION**

4.10 Approve Notice of Completion – California Commercial Pools - CUSD 2014/15-012 Pool Deck Replacement and Miscellaneous Improvements at the Brian Bent Memorial Aquatics Complex (Action)

**Background Information:**

The California Commercial Pools - CUSD 2014/15-012 Pool Deck Replacement and Miscellaneous Improvements at the Brian Bent Memorial Aquatics Complex Project is now complete and ready for acceptance by the School Board.

**Reports:**

The California Commercial Pools - CUSD 2014/15-012 Pool Deck Replacement and Miscellaneous Improvements at the Brian Bent Memorial Aquatics Complex Project has been reviewed by Karen Carlson, the District's Director of Maintenance, Operations and Transportation, and she finds the project to be complete and is recommending that a Notice of Completion be approved by the Governing Board. The "Notice of Completion" will be filed with the County Recorder.

**Financial Impact:**

There is no impact to the General Fund as a result of this action.

---

**Superintendent's Recommendation:**

That the Board direct staff to file the Notice of Completion.

Ayes \_\_\_\_\_ Noes \_\_\_\_\_ Absent \_\_\_\_\_ Abstain \_\_\_\_\_ Student \_\_\_\_\_

**4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR**

**BUSINESS & FISCAL MANAGEMENT**

4.11 Approve Resolutions to Designate Authorized Representatives to San Diego County Schools Fringe Benefits Consortium and to the San Diego County Schools Risk Management Joint Powers Authority for Workers' Compensation, Property & Liability Or Any Other Risk or Plan Authorized By Law (Action)

**Background Information:**

Sections 35214, 17566, 17567, 81602, and 81603 of the Education Code authorize a school district to establish a plan for health, vision, mental wellness, physical wellness, dental, IRC Section 125, life, long term care, prepaid legal, long term disability, deferred compensation, voluntary benefits, or any other fringe benefits plan as authorized by law. The same Education Code sections referenced above also allow a school district to establish insured and self-insurance plans for workers' compensation, property and liability, miscellaneous property or any other risk or plan authorized by law.

**Reports:**

The Coronado Unified School District is a member of and has executed an Articles of Agreement to the San Diego County Schools Fringe Benefits Consortium (FBC). That agreement requires that the Board of member districts designate and appoint an FBC representative. Furthermore, the Coronado Unified School District is a member of and has executed an Articles of Agreement to the San Diego County Schools Risk Management Joint Powers Authority (JPA), and the JPA Agreement requires that the Board of member districts designate and appoint a JPA representative.

The Associate Superintendent is proposed as the duly authorized representative to both the FBC and JPA, with Karl Mueller, Superintendent, designated as the alternate representative. The Governing Board is hereby asked to approve passage of the following two resolutions authorizing the appointment of these representatives.

**Financial Impact:**

There is no financial impact to the District as a result of accepting this report.

---

**Superintendent's Recommendation:**

That the Governing Board approve the appointments of the Associate Superintendent as representative to both the FBC and JPA, with Karl Mueller, Superintendent, appointed as the alternate representative.

Moved \_\_\_\_\_ Seconded \_\_\_\_\_

Ayes \_\_\_\_\_ Noes \_\_\_\_\_ Absent \_\_\_\_\_ Abstain \_\_\_\_\_ Student \_\_\_\_\_

**CORONADO UNIFIED SCHOOL DISTRICT**

**RESOLUTION #17-01-03**

**RESOLUTION TO DESIGNATE AUTHORIZED REPRESENTATIVES  
TO  
SAN DIEGO COUNTY SCHOOLS FRINGE BENEFITS CONSORTIUM  
FOR FRINGE BENEFITS PROGRAMS**

On motion of Member \_\_\_\_\_, seconded by Member \_\_\_\_\_  
\_\_\_\_\_, the following resolution is adopted:

**WHEREAS**, school districts in the State of California have determined there is a continuing need for insured and self-insurance plans for fringe benefits and desire to combine their respective efforts to establish and maintain Fringe Benefit Programs as authorized by law; and

**WHEREAS**, Title I, Division 7, Chapter 5, Article I (Sections 6500 et seq.) of the Government Code of the State of California authorizes joint exercise of two or more public agencies of any power common to them; and

**WHEREAS**, Sections 35214, 17566, 17567, 81602, and 81603 of the Education Code authorize a school district to establish a plan for health, vision, mental wellness, physical wellness, dental, IRC Section 125, life, long term care, prepaid legal, long term disability, deferred compensation, voluntary benefits, or any other fringe benefits plan as authorized by law;

**WHEREAS**, the Coronado Unified School District is a member of and has executed an Articles of Agreement to the San Diego County Schools Fringe Benefits Consortium requires that the Board of member districts designate and appoint an FBC representative.

**RESOLUTION**  
**Representative and Alternate Designation**

Page 2

**NOW THEREFORE BE IT RESOLVED** that the Rita Sierra Beyers is designated as the authorized representative(s) of the Board of Trustees of the Coronado Unified School District, and Karl Mueller, Superintendent as alternate representative, and is hereby authorized and directed to perform all items pertaining to the interest of the Board of Trustees as a legislative body pursuant to the terms of the San Diego County Schools Risk Management Fringe Benefits agreement effective February 1, 2017.

PASSED AND ADOPTED by the Governing Board of the Coronado Unified School District at San Diego County, California, on the 19th Day of January, 2017, by the following vote:

AYES: \_\_\_\_\_ NOES: \_\_\_\_\_ ABSENT: \_\_\_\_\_ ABSTENTIONS: \_\_\_\_\_

Secretary

**4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR**

**BUSINESS & FISCAL MANAGEMENT**

**4.12 Adopt Resolutions Authorizing Delegation of Power to Contract and Regarding Bidding and Management of Capital Improvement Projects (Action)**

**Background Information:**

Education Code Section 17604 provides that wherever in the code the power to contract is invested in the Governing Board of the School District or any member thereof, such power may, by a majority vote of the Board, be delegated to its District Superintendent, or to such persons as the Superintendent may designate.

Education Code Section 17604 further provides that no contract made pursuant to such delegation and authorization shall be valid or constitute an enforceable obligation against the District unless and until the same shall have been approved or ratified by the Governing Board, said approval or ratification to be evidenced by a motion of said Board duly passed and adopted.

Education Code 17605 delineates purchasing authority related to supplies, materials, apparatus, equipment, and services; provided, however, that no such individual purchase shall involve an expenditure by the District in excess of the amount specified by Section 20111 of the Public Contract Code without utilizing proscribed bidding procedures.

**Financial Impact:**

There is no specific financial impact to the District as a result of this authorization.

---

**Superintendent's Recommendation:**

That the Board adopt Resolution #17-01-01 Authorizing Delegation of Power to Contract and Resolution #17-01-02 Authorizing Bidding and Management of Capital Improvement Projects.

**CORONADO UNIFIED SCHOOL DISTRICT  
RESOLUTION #17-01-01**

**RESOLUTION REGARDING AUTHORIZING DELEGATION OF  
POWER TO CONTRACT**

**WHEREAS**, Education Code Section 17605 authorizes the Governing Board to delegate to the district Superintendent or designee, the power to contract in the name of the Coronado Unified School District whenever the Education Code invests the power to contract in a governing board or any member of the board; and

**WHEREAS**, Education Code Section 17605 authorizes the Governing Board to delegate to any officer or employee of the Coronado Unified School District the authority to purchase supplies, materials, apparatus, equipment, and services within the expenditure limitations specified in Public Contract Code Section 20111; and

**BE IT RESOLVED AND ORDERED** by the Governing Board of the Coronado Unified School District that in accordance with Education Code Section 17604, effective January 19, 2017, Karl Mueller, Superintendent, or designee, be and are hereby authorized and empowered to contract with third parties in the name of the Coronado Unified School District wherever the Education Code invests the power to contract in the Governing Board of the School District or any member of the Governing Board, without limitation as to money or subject matter; provided, however, that all such contracts must be approved or ratified by the Governing Board; and

**BE IT FURTHER RESOLVED AND ORDERED** by the Governing Board of the Coronado Unified School District that in accordance with Education Code Section 17605, effective January 19, 2017, Karl Mueller, Superintendent, or designee, be and are hereby authorized and empowered to contract for the purchase of supplies, materials, apparatus, equipment, and services; provided, however, that no such individual purchase shall involve an expenditure by the District in excess of the amount specified by Section 20111 of the Public Contract Code without utilizing proscribed bidding procedures; and

**BE IT FURTHER RESOLVED AND ORDERED** that all such transactions to purchase supplies, materials, apparatus, equipment, and services entered into in accordance with Education Code Section 17605 shall be reviewed by the Governing Board every sixty (60) days;

**BE IT FURTHER RESOLVED AND ORDERED** that in the event of malfeasance in office, each of the persons named above shall be personally liable to the Coronado Unified School District for any and all monies of the District paid out as a result of such malfeasance; and

**BE IT FURTHER RESOLVED AND ORDERED** that the persons named above shall be and are hereby authorized to insure against any such liability, and the cost of such insurance shall be paid from the funds of the District.

**BE IT FURTHER RESOLVED AND ORDERED** that the term “Contract” as used herein shall be deemed to include orders to contract.

**CORONADO UNIFIED SCHOOL DISTRICT  
RESOLUTION #17-01-02**

**RESOLUTION REGARDING DELEGATING AUTHORITY IN REGARD TO BIDDING  
AND MANAGEMENT OF CAPITAL IMPROVEMENT PROJECTS**

**WHEREAS**, Public contract Code Section 220002(c) defines a public works project generally as work including the construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair of any publicly owned, leased, or operated facility; and

**WHEREAS**, the Governing Board when undertaking a public project in excess of \$15,000, is required pursuant to Public Contract Code Section 20111 to award the contract(s) for such work to the lowest responsible bidder(s) or reject all bids; and

**WHEREAS**, Public Contract Code Section 20112 requires the Board to advertise for bids for public projects by publishing a notice calling for bids at least once a week for two consecutive weeks in a newspaper of general circulation published within the District; and

**WHEREAS**, Education Code Section 35161 authorizes the Board to delegate to any officer or employee of the District any power or duty delegated to the District or Board by law, although the Board retain responsibility over the performance of the powers or duties so delegated;

**WHEREAS**, during the course of new construction and modernization project, situations may arise resulting in requirement for changes to the project or the contracts, therefore, and changes to other Capital Improvement Projects or the contracts therefore have been and, as anticipated, will be necessary during the course of construction; and

**WHEREAS**, the Board desires to delegate to District staff certain authority in regard to competitive bidding of and contracting and thereby create an efficient process for achieving and implementing Capital Improvement projects.

**NOW THEREFORE**, the Board does hereby determine, resolve, and order as follows:

Section 1. The foregoing recitals are true and correct.

Section 2. The Board hereby delegates the authority and discretion to the Superintendent and Associate Superintendent.

**BE IT RESOLVED AND ORDERED** by the Governing Board of the Coronado Unified School District that in accordance with Education Code Section 17604, effective January 19, 2017, Karl Mueller, Superintendent, or designee, be and are hereby authorized and empowered to contract with third parties in the name of the Coronado Unified School District wherever the Education Code invests the power to contract in the Governing Board of the School District or any member of the Governing Board, without limitation as to money or subject matter; provided, however, that all such contracts must be approved or ratified by the Governing Board; and

**BE IT FURTHER RESOLVED AND ORDERED** by the Governing Board of the Coronado Unified School District that in accordance with Education Code Section 17605, effective January 19, 2017, Karl Mueller, Superintendent, or designee, be and are hereby authorized and empowered to contract for the purchase of supplies, materials, apparatus, equipment, and services; provided, however, that no such individual purchase shall involve an expenditure by the District in excess of the amount specified by Section 20111 of the Public Contract Code without utilizing proscribed bidding procedures; and

**BE IT FURTHER RESOLVED AND ORDERED** that all such transactions to purchase supplies, materials, apparatus, equipment, and services entered into in accordance with Education Code Section 17605 shall be reviewed by the Governing Board every sixty (60) days;

**BE IT FURTHER RESOLVED AND ORDERED** that in the event of malfeasance in office, each of the persons named above shall be personally liable to the Coronado Unified School District for any and all monies of the District paid out as a result of such malfeasance; and

**BE IT FURTHER RESOLVED AND ORDERED** that the persons named above shall be and are hereby authorized to insure against any such liability, and the cost of such insurance shall be paid from the funds of the District.

Secretary/Clerk of the Governing Board

**4.0 CONSOLIDATED MOTION FOR CONSENT CALENDAR**

**DISTRICT ORGANIZATION AND BOARD OPERATION**

**4.13 Accept Uniform Complaint Quarterly Report (Action)**

**Background Information:**

In May 2000 the ACLU and other public interest law firms and organizations filed a lawsuit alleging that the state of California lacked equal access to instructional materials and basic resources; provided inadequate instruction; and had massive overcrowding and inadequate, unsafe and unhealthy facilities. A settlement was reached in August 2004 resulting in several pieces of legislation requiring immediate implementation. Many of the new requirements apply to low performing schools, and some apply to all school districts and schools.

The Williams Settlement requires school districts to submit quarterly reports to the San Diego County Office of Education (SDCOE) on complaints each district has received related to instructional materials, emergency facilities issues, and teacher vacancies and misassignments.

**Reports:**

This is the second quarter of the 2016-2017 school year reporting period. The District has received no complaints.

**Financial Impact:**

None.

---

**Board President's Recommendation:**

That the Board accept the Uniform Complaint Quarterly Report for the first quarter of the 2016-17 school year.

## AGENDA - January 19, 2017

### 5.0 Human Resources

#### 5.1 Approve Implementation of a Supplemental Employee Retirement Plan (SERP) (Action)

##### **Background Information:**

California Government Code Section 53224 authorizes school districts to make contributions to retirement plans. The Coronado Unified School District has offered a Supplemental Employee Retirement Plan (SERP) in the past, and staff has undertaken the analysis to determine if current circumstances allow for sufficient expense savings to offer such a plan again.

##### **Reports:**

Staff has determined that there are sufficient expense savings to offer a SERP to employees at this time, if approved by the Governing Board. Ms. Rita Sierra-Beyers, Senior Director of Human Resources, along with a representative of Keenan and Associates, the proposed contract administrator of the SERP, will present information regarding the offering of a SERP. Additional details will be found in the accompanying resolution and information brochure submitted as part of this agenda item.

It has been determined that if the projected number of employees, namely eleven certificated and ten classified employees, take advantage of the SERP the District will realize savings of approximately \$511,000 over a five-year period. The minimum number of participants to offer the SERP, treated separately for each group of employees, is seven. This means that a minimum of seven full-time certificated employees will need to take advantage of the SERP for it to be implemented for certificated employees, regardless of the number of classified employees that choose to take advantage of the SERP. Conversely, a minimum of seven full-time classified employees will need to take advantage of the SERP for it to be implemented for classified employees, regardless of the number of certificated employees that choose to take advantage of the SERP.

##### **Financial Impact:**

As detailed above, it is anticipated that the District will save in excess of \$500,000 over the next five years as a result of offering the SERP. These funds will be used to reduce expenditures in the General Fund, with the District realizing these savings, not specific sites or departments.

---

##### **Superintendent's Recommendation:**

That the Governing Board approve offering the Supplemental Early Retirement Plan as described above and on the attached documents, and authorize staff to execute any and all documents necessary to implement said Plan.

**CORONADO UNIFIED SCHOOL DISTRICT**

**RESOLUTION # \_\_\_\_\_**

**RESOLUTION TO AUTHORIZE IMPLEMENTATION OF A  
SUPPLEMENTAL EARLY RETIREMENT PLAN (SERP)**

On motion of Member \_\_\_\_\_, seconded by Member \_\_\_\_\_,  
\_\_\_\_\_, the following resolution is adopted:

WHEREAS, California Government Code Section 53224 authorizes school districts to make contributions to retirement plans; and

WHEREAS, the Coronado Unified School District desires to provide retirement benefits to its employees under such a plan; and

THEREFORE, IT IS RESOLVED that the Board of Education of the Coronado Unified School District hereby establishes a retirement plan for certain eligible employees of the District effective July 1, 2017.

RESOLVED FURTHER that the eligibility requirements for employees to participate in such plan shall be as follows:

- ☐ Employee must be a Certificated, Classified or Management (Certificated or Classified) employee of the District.
- ☐ Employee must be at least 50 years of age by June 30, 2017
- ☐ Employee must have at least ten years of service with the District by June 30, 2017
- ☐ Employee must retire from the District by June 30, 2017
- ☐ Employee must submit a Letter of Resignation, dated no earlier than January 20, 2017, and a SERP Enrollment Package, by February 6, 2017.

RESOLVED FURTHER that the Board hereby adopts that certain plan known as the Coronado Unified School District Supplemental Employee Retirement Plan, effective July 1, 2017.

RESOLVED FURTHER that the employer contribution required to fund each participant's benefit shall equal 75% for Certificated and Certificated Management and 50% for Classified and Classified Management of the participant's annual salary for the participant's last school year of employment.

RESOLVED FURTHER that the Coronado Unified School District shall make all contributions to the Plan to fund the annuities purchased pursuant to the Plan.

RESOLVED FURTHER that, for purposes of the limitations on contributions under the Plan, as prescribed by section 415 of the Internal Revenue Code of

1986, as amended, the "limitation year" shall be the Plan Year, as defined under the terms and provisions of the Plan.

RESOLVED FURTHER that, for purposes of clarification of administration of the Plan but not for purposes of making said Plan subject to title I of ERISA, the Board hereby designates the District as the plan administrator.

RESOLVED FURTHER that the Board hereby appoints the following individuals to comprise the Plan Committee:

---

**Position Title**

---

**Position Title**

RESOLVED FURTHER that the Board hereby authorizes any member of the Plan Committee to execute on behalf of the District the Form 2848, Power of Attorney and Declaration of Representative.

RESOLVED FURTHER that the Board hereby appoints Keenan Financial Services as the contract administrator to assist the District in the implementation and administration of the Plan.

RESOLVED FURTHER that the Board hereby authorizes and directs  
\_\_\_\_\_ and \_\_\_\_\_ to take the following  
actions:

- A. Execute the Plan and any and all other documents necessary or proper to implement the Plan.
- B. Contract with Keenan Financial Services as contract administrator to provide all services described in the contract.
- C. Execute any and all documents, including any amendment to the Plan, necessary or proper to obtain and maintain IRS approval of the form of the Plan if the IRS makes available a procedure for approval.
- D. Enter into any other contract or agreement which he or she deems necessary or proper to administer and/or fund the Plan and to attain and maintain the income tax qualification of the Plan under the Internal Revenue Code of 1986, as amended.

## EXECUTIVE SUMMARY

Keenan Financial Services is pleased to present our Supplemental Employee Retirement Plan (SERP) to Coronado Unified School District, as a cost-savings, best-practice, innovative solution for the District. Keenan has been dedicated to creating and implementing innovative solutions for California public sector agencies for more than 40 years. To that end, we are confident that our SERP program will provide the Coronado Unified School District with a solution that is both advantageous to your employees and cognizant of the value of the taxpayer dollar.

### WHAT IS SERP?

SERP is a program designed to create incentives that effectively and efficiently increase and accelerate the retirement rate, in excess of the natural attrition rate. Many public agencies throughout California are looking for cost containment and cash flow strategies. SERP is an innovative turn-key program which has been used by many public entities to:

- Create Fiscal Savings
- Assist with Staff Reorganization
- Reward Long-Term Employees
- Enhance Retirement Benefits

### HOW DOES SERP CREATE RESULTS?

#### Creating Fiscal Savings

SERP generates fiscal savings as a result of the salary differential of a retiring employee and a new-hire. In order to ensure that a SERP is an effective tool for Coronado Unified School District's desired needs, Keenan's professional team evaluates numerous factors, including:

- Expected retirees without providing any incentives
- Expected retirees if an incentive is implemented
- Age and service demographics

In order to produce fiscal savings, a plan must generate a participation rate that is greater than the normal attrition rate expected in that specific year. By evaluating the specific factors above, Keenan is able to identify whether the SERP will provide the desired fiscal results for the District.

Our experience has demonstrated that the most effective cost-savings is realized through a SERP that is offered on a one-time basis only. However, depending on the specific requirements and characteristics of your District, there are situations when the benefits of repeat occurrences are merited.

### **Assisting with Staff Reorganization**

SERPs can be used very effectively as a restructuring tool. By generating a higher attrition rate, agencies can create a greater opportunity for:

- Reorganizing departments
- Revitalizing staff
- Creating upward mobility opportunities for existing staff
- Implementing a comprehensive, long-term hiring strategy

With these objectives in mind it is important to study the age and service demographics, as well as career paths of various classifications of employees. With a SERP, a district may either offer the plan to a wide range of employees, or to a specific category of employees who have been identified through the re-organizational effort.

As previously stated, a SERP used for human resource purposes can either take the form of a one-time incentive, or a multi-year plan. Depending on the long-term budget outlook and hiring strategies a multi-year plan may be appropriate.

### **Rewarding Long-Term Employees**

Another objective of a supplemental retirement plan is to reward employees who have been loyal to the District and have achieved certain milestones in their service, while contributing to the success of the District's goals and objectives. A SERP is an excellent method of recognizing and rewarding these types of achievements while building morale among younger employees. From the employees' standpoint, the SERP allows them to retire with dignity and recognition of their efforts over the years.

The eligibility criteria for this type of plan are usually stringent, requiring employees to meet various age and service requirements. Many plans may also require the employees to have their service retirement from STRS and/or PERS become effective at the same time, rather than have the employee receive the additional benefits and move on to another district.

### **Enhancing Retirement Benefits**

Any SERP that is offered enhances the retirement benefits of the participating employees. Some districts have chosen to permanently enhance retirement benefits, which can be done district-wide or for a select group of employees. SERP plans in this category are often implemented on a permanent basis and typically have stringent vesting provisions.

These types of plans are highly effective in retaining key employees. With vesting usually occurring at retirement, key employees are less likely to move on to another district as they would be giving up a valuable benefit.

Since these types of plans are attractive to employees, districts may want to consider negotiating a plan provision where the employees make contributions to fund a portion of the additional benefits. This may be accomplished on a tax-favorable basis like STRS and PERS.

### **WHY KEENAN?**

While there are other companies that attempt to offer plans that are similar in their objectives to what Keenan's SERP achieves, no other firm has the scope of knowledge and expertise that we are able to bring to the District. Furthermore, we have built value into our program that exceeds what other companies are able to provide.

Keenan has been dedicated to providing solutions to the public sector for more than 40 years. Keenan is the only firm that provides brokerage and consulting services to existing employees as well as retirees. This allows us to gather a full scope of employee motivators related to retirement, as well as retention efforts. Other firms that "specialize" in public sector agencies provide only retirement related services or services only for current employees.

The Keenan SERP advantages include:

- A program that has evolved over the past 25 years, since first introduced
- Ability for local control in savings strategy (as opposed to solutions like STRS Golden Handshake)
- Knowledge of the "Return to Service" issues
- The only program in the marketplace that incorporates one-on-one retirement counselors to meet with employees, their spouses and/or their financial advisors

## COMPANY BACKGROUND AND EXPERIENCE

Firm Name:	Keenan & Associates
Legal Form:	Corporation
Ownership	Privately-Held 100% owned by employee groups
Date Established / Date of Incorporation:	December 2, 1972
State of Incorporation:	California
Principal Place of Business:	2355 Crenshaw Blvd., Suite 200 Torrance, California 90501
Federal Tax ID	95-2798626

### COMPANY HISTORY

Founded in 1972, Keenan & Associates has more than 40 years of experience consulting to public schools, community colleges, municipalities and special districts. Statewide, we provide services to more than 950 public agencies including 65 trusts and Joint Powers Authority (JPA) programs.

An employee-owned company, Keenan maintains a network of nine (9) offices strategically located throughout California and a staff of more than 650 consultants and insurance specialists. These offices include Keenan's corporate headquarters, located in Torrance, and eight (8) additional regional offices.

### COMPANY EXPERIENCE

The Keenan SERP program has been extremely successful since we rolled it out in 1984. SERP is highlighted by the following accomplishments:

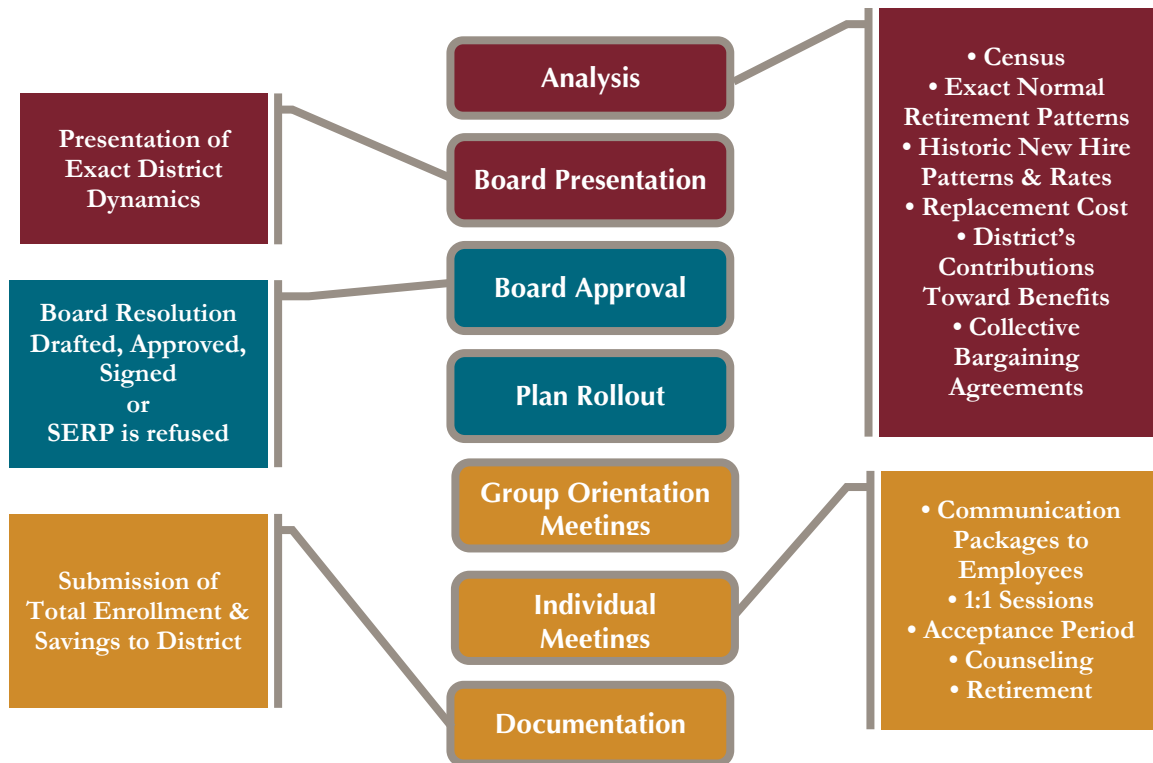

- 48 School Districts Implement Keenan's SERP Each Year (Average 2009 - 2014)
- 362 Districts That Have Implemented a SERP plan with Keenan Since 1984
- \$492 Million Estimated SERP Savings Since SERPs Inception

From our experience with more than 10,000 early retirees, we have designed and perfected a full-service approach that ensures a "win-win" situation for the District and your employees.

## PLAN DESIGN / IMPLEMENTATION / FUNDING

Keenan's SERP program has been developed and refined over the past 25 years. The illustration below identifies the overall process for the SERP solution. The details for Coronado Unified School District are detailed in the reports that are included in the Sections VII and IX of this proposal. Following are the key components that comprise the plan design and implementation of the program that would be provided to the District.

### PLAN DESIGN

#### Request for Information

Keenan Financial Services' technical team begins the process of analyzing the feasibility of a SERP by gathering information from the District. The census data required would include:

- Information on eligible employees
- Average replacement salary costs
- District rates for workers' compensation
- Unemployment insurance costs
- Retiree health care costs
- Other relevant data

## **Analysis of Demographics & Retirement Projections**

Based on the census information, we perform an analysis of the demographics for personnel that are eligible for retirement. We look for trends in age and service distribution and prepare a chart for the District to review. In addition, a district's insight about their employees can be invaluable to the success of a SERP plan.

Based on the actual distribution of the ages of the eligible group, we project the percentage of eligible employees who are likely to retire. To accomplish this, we use the statewide STRS retirement rates published in June of 1995 along with our own database of SERP retirement statistics. In general, we expect participation to range from 20% to 33% of the eligible group.

## **Fiscal Analysis**

The District's census information is imported into a customized SERP Solutions program designed by Keenan Financial Services. The program provides the District with a comprehensive analysis of the feasibility of a retirement plan at a given level of benefits using the assumptions gathered from the District.

The basic premise of SERP Solutions is to quantify the primary source of savings for all retirement incentive plans: the salary differential between a retirement eligible employee at the top of the salary schedule and a newly hired employee.

SERP Solutions projects the cycles of retirements and hiring of new employees through several years to simulate, as accurately as possible, the real costs and savings the District can expect from offering a SERP plan.

## **Meeting with the District**

The next step in the consulting process is to meet with the District to discuss the preliminary analysis and general plan design issues. Our goal is to design a plan that is tailored to the specific needs of the Coronado Unified School District, both from a management standpoint as well as an employee standpoint.

Once plan provisions are finalized, Keenan Financial Services will prepare a formal presentation to the District personnel to review the various plan provisions, timelines, benefit levels and other administrative issues.

## **Additional Presentations**

When necessary, Keenan Financial Services will prepare and present both formal and informal presentations to the Governing Board, union leadership, negotiating committees, and other employee groups. We are often asked to provide expert advice on retirement incentive plans in negotiations between unions and districts, and are viewed as third party experts on retirement incentive plans.

## Benefit Levels & Options

We have substantial flexibility in designing a benefit plan that creates the incentive needed for the employee to retire.

Once the benefit level has been established, we review the various benefit payout options with the District and determine the options that create flexibility for the employee to meet their own financial needs. The most common options used in incentive plans involve the following:

- Life Option
- Joint and 50% Survivor Option
- Life or 10 years, whichever is longer
- Period-Certain monthly payout, ranging from 5 to 10 years

A note regarding Period-Certain options, the Period Certain options five through nine years may be rolled over into a traditional Individual Retirement Account (IRA) at the option of the participant. This has been a popular option since a participant can defer paying taxes on their SERP distribution until such time as they withdraw funds out of their IRA accounts. The rollover to an IRA further gives the participant more flexibility in drawing only the funds that they need for their retirement while reinvesting the balance.

## PLAN IMPLEMENTATION

The SERP program, as with any similar program, incorporates required documents. Following is a brief summary of these documents, and their purpose.

LEGAL DOCUMENTS	
Document Name	Function
Board Resolution	<ul style="list-style-type: none"><li>– Provides the legal framework for the implementation of the SERP</li><li>– Keenan provides the District with a sample Board Resolution modeled after other agencies in similar situations</li></ul>
Plan Documents	<ul style="list-style-type: none"><li>– Keenan prepares the plan documents necessary to establish the plan from a legal standpoint</li><li>– Plan documents provide:<ul style="list-style-type: none"><li>▪ Favorable tax treatment of benefits</li><li>▪ Beneficial options such as the IRA rollover</li><li>▪ We recommend that the Agency consult with their own advisors regarding the legal nature of SERP plans</li></ul></li></ul>

PRIMARY EMPLOYEE DOCUMENTS	
Document Name	Function
Participant Election Form	<ul style="list-style-type: none"> <li>Official employee election to participate in the SERP plan <ul style="list-style-type: none"> <li>Employee agrees to retire from the District in exchange for consideration provided through the SERP</li> <li>Employee has seven (7) days to rescind election</li> </ul> </li> </ul>
Benefit Election Form	<ul style="list-style-type: none"> <li>Selects which SERP distribution option that the employee elects</li> <li>Accompanying this form are additional tax and other documents that the insurance company needs to make sure the benefit is provided to the retiree on an accurate and timely basis</li> </ul>

EMPLOYEE COMMUNICATION & EDUCATION	
Document Name	Function
Plan Announcement	<ul style="list-style-type: none"> <li>Upon adoption of the SERP resolution by the Governing Board, Keenan prepares an announcement flier to go out to all eligible employees and provides details on the upcoming group orientation meetings</li> </ul>

In addition to the forms, the following critical components are implemented:

#### General Orientation and Information Meeting

Shortly after the opening of the enrollment window, Keenan Financial Services conducts one or more group orientation meetings. Eligible employees are invited to attend along with their spouses and/or their financial advisors. At the meetings, the plan guidelines are reviewed in an interactive fashion where employees are encouraged to ask questions.

A representative from Keenan Financial Services conducts the group meetings along with a Keenan Financial Services Retirement Counselor. The Retirement Counselors stay after the conclusion of the meeting to answer individual questions as well as schedule appointments for individual counseling sessions.

#### Individual Counseling Appointments

Interested employees are invited to schedule individual counseling appointments with our Retirement Counselors. During these appointments, our counselors provide a Customized Estimated Benefit Illustration & Enrollment Packet with the specifics on what the SERP plan would mean to them. Counselors are also available to answer questions that may be personal in nature that employees may not feel comfortable asking in a public forum during the group orientation.

Our counselors are experienced in many aspects of retirement. All have retired from a public agency and they are able to share their own personal experiences in retirement as well as provide general information regarding STRS and PERS retirement. Furthermore,

they can assist employees in selecting the SERP option that best fits the individual's particular financial situation.

At Keenan Financial Services, we understand that retirement may be a very difficult and a life-altering decision for an individual to make. We pride ourselves in providing interested employees with as much information and care as we possibly can.

### **Customized / Estimated Benefit Illustration & Enrollment Packet**

Each eligible employee receives an estimated benefit illustration that is prepared exclusively for him or her. The benefits reflect their own personal situation using their personal data gathered from the District and the current annuity rates provided by the insurance company. It's important that employees contemplating retirement make the decision based on their actual situation.

Acceptance of the employee's application to participate in the Supplemental Employee Retirement Plan (SERP) is contingent on the District's verification of eligibility. Once the Open Enrollment is completed, the final list of SERP Participants is submitted to the insurance company. The insurance company will then finalize the annuity rates to be used for the SERP plan. They could vary slightly from the above estimated rates.

Although we provide prospective retirees with the information they need to make a decision regarding the SERP plan, our enrollment packets are designed to gather only the most essential information during this decision making process. We encourage prospective retirees to discuss their personal financial situation with their lawyer, Estate planner, or other tax advisor before completing the SERP Enrollment Packet.

### **800 Toll Free Phone Number for Questions**

Participants are encouraged to call our toll-free number to get their individual questions answered. Our knowledgeable staff can also assist individuals in completing their enrollment forms. The toll-free line is equipped with voice-mail capability so that participants can leave messages during evening and weekend hours.

### **Local Staff for Additional Counseling Appointments**

Keenan & Associates has nine (9) offices throughout California. Therefore, we are local to virtually every area of the State. Our staff and counselors are available to meet with employees on an as needed basis.

## **PLAN FUNDING**

A SERP plan is a promise by the District to provide a certain level of benefit to participating employees. It is then the responsibility of the District to meet this financial obligation and in a manner that creates the least fiduciary liability to the District. A fixed annuity contract has been the preferred method of meeting this obligation.

### Advantages of Fixed Annuities for SERP Plans

The fixed annuity contract is a guarantee to the District of the cost of the program and is easy to budget. The fixed annuity is also backed by insurance company reserves fund if the insurance company went bankrupt. This creates a very conservative transfer of your financial obligation.

Furthermore, a fixed annuity contract **GUARANTEES** the benefits for the plan participants. The insurance company receives a periodic or single sum premium from the District and guarantees benefits based upon the premium received. Please note, annuity benefits may cease if installment premiums are not received by the insurance company in accordance with its premium schedules.

### Flexibility of Funding

Keenan Financial Services has implemented more than 350 SERP plans with public agencies throughout the State of California. In working with individual agencies, we understand the need to have flexibility in the funding of these plans.

We have negotiated installment premium schedules with several insurance companies, where the schedules range anywhere from one (1) to five (5) years. We work closely with each District to develop an installment premium payment schedule that meets the specific needs of the particular district.

Please note, the District may be subject to penalty fees for late premium payments and benefits may cease if all installment premiums are not paid in accordance with the installment premium schedule.

## PLAN ADMINISTRATION

There are many aspects of a SERP that need to be monitored during the initial set-up of a plan in addition to the on-going administration after the plan has been implemented. Keenan Financial Services assumes this responsibility and relieves the District from having to deal with these issues.

### Follow Up with Plan Participants

Representatives from Keenan Financial Services follow up with each plan participant to ensure that the Enrollment Packets are completed and returned in an accurate and timely fashion. Participants often have questions and concerns regarding beneficiary designation, direct deposit or rollover set-up among other issues. Our staff members are experts in answering these types of questions and are available through our toll-free number.

### District Invoicing

Our accounting department invoices the District on a periodic basis for the premium that is due. To insure timely distribution of the first benefit checks, we notify the District well in advance of the premium due date in order to give the District plenty of time to request and remit the necessary funds. Annuity benefits may cease if installment premiums are not received by the insurance company in accordance with its premium schedules.

### Coordination of Benefit Distribution

Once the Enrollment Packets are completed, we coordinate with the insurance company regarding the benefit distribution. Our staff informs the carrier as to the benefit option selections made by plan participants as well as their respective distribution preferences.

### On-Going Participant and District Services

Keenan Financial Services provides on-going services to both the District and plan participants. Upon request, we provide information regarding the status of active participants in the plan as well as other plan statistics such as benefit duration and beneficiary information.

The participants call our staff to make address changes as well as changes in the method they are receiving their benefits. Participants may also change their beneficiaries at any time by simply calling us. Our toll-free 800 number is available to participants and our staff will assist them with any questions they may have regarding the status of their plan. We also survey participants from time to time to ensure their satisfaction with our service to them.

## SUMMARY OF BENEFIT OPTIONS

Following are a summary of the benefit options for Coronado Unified School District.

CORONADO UNIFIED SCHOOL DISTRICT SUMMARY OF BENEFIT OPTIONS	
<b>Life Only:</b>	Benefits will be distributed in monthly payments during retirees' life only. No payments will be made to retirees' spouse or other beneficiary after retirees' death, even if retiree dies soon after payments begin.
<b>Joint &amp; 50% Survivor:</b>	Benefits will be distributed in monthly payments as long as the retiree lives. Upon the retirees' death, payments continue to the retirees' joint annuitant for the rest of his or her life equal to 50% of the monthly payment the retiree was receiving prior to their death.
<b>Life &amp; 10 Year Certain:</b>	Benefits will be distributed in monthly payments for retirees' lifetime, or if longer over a period of 10 years. If retiree dies before 10 years of payments have been made, the balance of the payment will continue so that a total of 120 payments are made to the retiree and his/her beneficiaries and no further payments will be made to any beneficiary.
<b>5-10 Year Monthly Payments<sup>1</sup>:</b>	Benefits will be distributed in monthly installments over a guaranteed period of 5, 6, 7, 8, 9 or 10 years as the retiree elects. However, the period certain elected may not exceed the retiree's life expectancy or joint life expectancy of the retiree and the retiree's designated beneficiary. If the retiree dies during the guaranteed period, payments continue to the retiree's beneficiary until the end of the guaranteed period.

---

<sup>1</sup> Payments guaranteed for less than 10 years are eligible for IRA rollover; otherwise cash distributions are subject to mandatory 20% federal tax withholding.

## Supplemental Employee Retirement Plan (SERP)

### Certificated Management

#### ESTIMATED BENEFITS

for:

### Average Employee,

(1) Benefit Based On 75% of Salary

Commencement on:

**August 1, 2017**

ALT	MONTHLY ALTERNATIVE BENEFIT	MONTHLY AMOUNT
A	Life Only	\$464.46
B	Joint & 50% Survivor	\$426.74
C	Life or Ten (10) Years, Whichever is Longer	\$454.63

D	Five (5) Year - Monthly Payments *	\$1,721.25
E	Six (6) Year - Monthly Payments *	\$1,453.46
F	Seven (7) Year - Monthly Payments *	\$1,261.13
G	Eight (8) Year - Monthly Payments *	\$1,120.05
H	Nine (9) Year - Monthly Payments *	\$1,010.48
I	Ten (10) Year - Monthly Payments	\$922.95

Acceptance of the Supplemental Employee Retirement Plan (SERP) is contingent on the District's verification of eligibility.

Annuity benefits are provided by an insurance company and are estimates only. Estimated benefits are subject to change prior to actual purchase of annuity benefits. Estimated benefits may change due to changes in the data supplied by the District, changes in current interest rates, mortality assumptions, commission percentages and state premium tax.

The District may be subject to penalty fees for late premium payments and benefits may cease if all installment premiums are not paid in accordance with the installment premium schedule.

*\* Eligible for tax-deferred IRA Rollover. Subject to a mandatory 20% Federal tax withholding if not rolled over.*

## SCHEDULE OF FEES AND SERVICES

Our proposed schedule of fees and services is included in this section of the proposal

Keenan & Associates is not licensed to provide legal, tax, accounting or budgetary services advice. It is recommended that the District seek the counsel of its own attorney on all legal issues or matters, and consult with its own tax and accounting experts on all related issues and matters relating to the services provided in relation to the SERP program.

The premium for annuities purchased by the District includes commission payable to Keenan & Associates for their services as outlined in the Keenan & Associates' Service Agreement and Letter of Intent. If the Plan does not provide the number of retirees desired by the District, and the Plan is therefore not implemented, Keenan & Associates will be reimbursed for its enrollment costs also as outlined in the Services Agreement and Letter of Intent.

Specific fee amounts and other plan costs are communicated during the cost analysis and plan design process, and are reflected in the Service Agreement and Letter of Intent.

## Keenan & Associates Schedule of Fees and Services

*Financial Services*

**5.0 DISTRICT ORGANIZATION AND BOARD OPERATION**

5.2 Elect One Board Member and One Alternate Board Member to Represent the Coronado Unified School District to Serve on the Coronado Financing Authority and the Successor Agency (Action)

**Background Information:**

One Board Member shall be selected to act as a liaison between the Coronado Unified School District and the Community Development Agency (CDA) by attending CDA Board meetings and providing any comment or questions to the Agency Board as a District Representative. Since the CDA has been dissolved, the Board member shall represent the District on the Coronado Financing Authority. The role of the Board Member is to be responsible for making decisions regarding long-term financing, such as bonds. There are three individuals who are members: one elected School Board Member, one City Council member; and one Successor Agency member. Each member has one vote. The Board appreciates the service of former Board member Dawn Ovrom who filled this position with excellence.

**Proposal:**

The Board shall select one representative to serve on the Coronado Financing Authority. The Board in the same motion shall select an alternate representative.

---

**Superintendent's Recommendation:**

That the Board selects a representative to begin service at the next regularly scheduled Coronado Financing Authority meeting.

## **AGENDA - January 19, 2017**

### **6.0 BUSINESS AND FISCAL MANAGEMENT**

#### **6.1 Business Services Report (Reports)**

##### **Background Information:**

Business Services is responsible for the fiscal health and business operations of the District. Business Services areas of responsibility include Financial Accounting, Financial Management, Payroll, Technology, Facilities, Maintenance and Operations, Transportation, Child Nutrition Services and the Brian Bent Memorial Aquatics Complex.

##### **Reports:**

- 1 . Dr. Butler will give a verbal summary of highlights from the Governor's 2017-18 Proposed Budget, details of which were discussed at a School Services of California conference held January 18, 2017
- 2 . The next significant financial presentation for the Board will be the 2016-17 Second Interim Report, given at the March 2017 Board meeting.
3. And I, Keith Butler, would like to express my gratitude to the past and current members of the Governing Board of the Coronado Unified School District with whom I have worked. I am very appreciative of your support during my tenure with the District.

##### **Financial Impact:**

There is no impact to the General Fund as a result of this report.

---

This report is provided to the Board for information.

**6.0 INSTRUCTIONAL PROGRAMS & STUDENT ACTIVITIES**

**6.2 Learning Report: Instructional Program to Support English Learners (Reports)**

**Background Information:**

Coronado Unified School District annually receives from the state Local Control Funding Formula (LCFF) Supplemental Funds. For the 2016-17 school year, CUSD received \$379,832 based on CUSD's unduplicated population count. In addition to providing supports and services for low income, homeless and/or foster youth, these funds are required to be used to ensure that limited-English-proficient (LEP) students, also called English Learners (EL) under California law, including immigrant children and youths, attain English proficiency and meet the same challenging academic content and achievement standards that other students are expected to meet.

Upon enrollment, students whose primary language is other than English are classified into three categories currently based on performance on the California English Language Development Test (CELDT):

- English Learner (EL) – designation for students with a primary language other than English who have not developed listening, speaking, reading, and writing proficiencies in English sufficient for participation in the regular school program;
- Initial Fluent English Proficient (IFEP)– designation for students with a primary language other than English who took the CELDT within 30 days of enrollment and met the criteria for English proficiency;
- Redesignated Fluent English Proficient (RFEP) –designation for students with a primary language other than English who were initially classified as EL, but who have subsequently met the District's criteria for English proficiency.

EL students are currently tested annually using the CELDT to gauge progress, and academic progress on CAASPP is monitored. RFEP student proficiency on CAASPP in ELA and math is also monitored.

All California credentialed teachers must hold a CLAD (Cross-cultural Language and Academic Development) certificate in order to instruct in a California classroom in order to meet the needs of EL/RFEP students.

The Local Control Accountability Plan (LCAP) has a required indicator/metric for all public schools that includes the percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT) and the English learner reclassification rate.

**Reports:**

***Purpose of the CUSD EL Program***

The purpose of the EL Program is to develop fluency in speaking, reading, and writing English in each student whose primary language is not English; promote cross-cultural understanding; and provide equal opportunity for academic achievement.

Goals of the EL Program include:

- that EL, RFEP, and IFEP students function successfully in the English language
- that EL/RFEP/IFEP students will have equal access to the curriculum provided for all students. These students will make progress through the curriculum, experience, success, and will sustain adequate social/emotional adjustment. This is their civil right.
- that EL/RFEP/IFEP students will achieve adequate yearly progress at the same rate as students whose primary language is English.

- that EL/RFEP/IFEP students will work towards mastering grade level standards. Though EL and RFEP students have the greatest needs, teachers need to be aware of IFEP students as well, as support in continuing to develop reading, writing, and speaking skills may be a need.

From the English Language Arts/English Language Development Framework, Chapter 2:

“For all students, bilingualism is a cognitive and linguistic asset. Developing the language used in the home by parents, grandparents, or other relatives also promotes healthy self-image, pride in one’s heritage, and greater connection with one’s community. This cultural awareness and appreciation for diversity is, in fact, critical for all students to develop in order to prepare to be global-minded individuals.”

***Demographics (see EL Student Totals chart attached)***

Currently in CUSD, there are:

- 100 English Learners (EL) students
- 118 Reclassified to Fluent English Proficient (RFEP) students
- 167 Initially Fluent English Proficient (IFEP) students

Student designation is based on proficiency in English as determined by the California English Language Development Test (CELDT), which is given at enrollment to new students (initial assessment) and annually. Though CELDT is the current instrument, it is being phased out over the next two years in place of the new assessment called English Learner Proficiency Assessment for California (ELPAC). Some English Learners at Village Elementary this spring and fall will participate in a pilot test of this new assessment.

In the fall of 2016, 12% of students (385) in CUSD schools had a primary language other than English, representing 17 languages from around the world, Spanish being the most common primary language other than English. Not all of these students are EL or RFEP, however, it is safe to say that CUSD has a growing population of students whose first language is not English. This is an increase of 106 students over 2015-16.

***Instruction***

The cognitive load on English learners is significant: they are tasked with learning rigorous content in all subject areas in a non-native language. ELs (and often RFEP/IFEP students) need and deserve the attention and support of all of their CUSD teachers. All CUSD teachers are required to have CLAD certification; all teachers of ELs must provide integrated English Language Development (ELD) instruction, combining knowledge of each English Learner’s needs with strategies to make the content accessible through instructional strategies such as Specially Designed Academic Instructional Delivered in English (SDAIE).

Designated ELD occurs at each school site, and our district follows best practice in ensuring at least 30-60 minutes of designated ELD instruction by trained ELD teachers with standards and resources to improve in all areas of English for all English Learners and for the neediest RFEP students.

***Reclassification***

Generally, English Learners receive specific ELD instruction to obtain proficiency in English for 30-60 minutes a day. Once a student’s assessments and class performance shows that he/she may be close to proficient, a team approach to reclassification using all available data determines reclassification. Reclassification may occur at any time during the school year. A school’s reclassification team includes:

- Site Principal or admin designee
- EL Resource Teacher
- Teachers who have the greatest and most current knowledge of a student's needs including the current teacher(s) and/or recent previous teacher (including, but not limited to, a review of the student's mastery of standards)

Data used for reclassification includes:

- Current CELDT scores, past CELDT history;
- Local Assessments, such as MAP data
- CAASPP ELA scores
- Class performance

Annually, each school site holds reclassification celebrations for students, parents, and the community to congratulate students on their successes to become fluent English proficient, and continue on their path to Biliteracy.

### ***CUSD Supports and Resources for EL/RFEP/IFEP students***

- All certificated staff with CLAD credentials
- All site administration
- Bilingual Director, Claudia Gallant
- EL Resource Teachers
  - o Julia Braga, District EL Resource Teacher
  - o Mari Bartels and Tanya Barbera, Village Elementary
  - o Lisa Kinzel, Silver Strand
  - o Lisa Ryan, Coronado Middle School
  - o Matt Stoeber, Coronado High School
- Debra Rodgers and Karen Maggio, District Office support staff

### ***Instructional Materials***

- Gr K-5: Pilot *Wonders*, McGraw Hill, 2015; teacher-created materials
- 6-12: *Achieve 3000.com*; teacher-created materials

### ***Professional Learning***

Under the supervision of the CUSD Senior Director of Learning who serves as the District Bilingual Coordinator, CUSD's new District EL Resource Teacher. Mrs. Julia Braga, provides holistic, targeted, and coordinated support of the entire EL Program as a .5 FTE teacher. This oversight helps to meet the needs of all students through support of ELD and all CUSD teachers and site administrators, as well as ensuring compliance with state and federal requirements. The EL team will be attending professional development training at the San Diego County Office of Education.

### ***Federal Compliance Title III***

Based on former federal compliance requirements prior to 2014, CUSD did not meet the targets for RFEP students in ELA and math. At this time, federal compliance with *Every Student Succeeds Act* is pending. CUSD received Title III Immigrant funding of \$9,848 to support students who were born outside of the U.S.

### ***Parent Involvement***

#### **District-level English Learner Advisory Committee (DELAC)**

Each California public school district, grades kindergarten through 12, with 51 or more English learners must form a District-level English Learner Advisory Committee (DELAC) or subcommittee of an existing district-wide advisory committee. In the past, participation of parents on DELAC has been very low. CUSD is recommitting to DELAC and currently making efforts to personally invite and involve the parents of all EL students. More information may be found at <http://www.cde.ca.gov/ta/cr/delac.asp>

The first DELAC meeting will be held on Tuesday, January 31, 2017 from 6:30-7:30 PM in the District Office Board Room at 201 Sixth Street in Coronado, CA 92118.

#### **Site English Learner Advisory Committee (ELAC)**

Each California public school, grades kindergarten through 12, with 21 or more English learners must form a Site English Learner Advisory Committee (ELAC) or subcommittee of an existing district-wide advisory committee. A committee comprised of parents, staff, and community members specifically designated to advise school officials on English Learner program services. More information may be found at <http://www.cde.ca.gov/ta/cr/elac.asp>

- o Village Elementary School's ELAC meeting schedule:

- § September 19, November 7, January 9, March 13 and May 15 from 8:30-9:00AM in Room 104

- o Silver Strand Elementary School's ELAC meeting schedule:

- § January 19 from 2:30-3:00PM in Room 303. Subsequent meeting dates are pending.

CUSD highly values and promotes for all students the goal of earning the Seal of Biliteracy upon graduating from Coronado High School. In 2016, approximately 40 CHS graduates earned the State Seal of Biliteracy (SSB). More information on the SSB can be found at <http://www.cde.ca.gov/sp/el/er/sealofbiliteracy.asp>.

**Financial Impact:**

\$379,832 from LCFF Supplemental and \$9,848 from Title III Immigrant to support the CUSD EL Program.

---

This report is presented to the Board for information.

## AGENDA - January 19, 2017

### 6.0 CASLE, Committee to Analyze the Student Learning Environment

6.3 Update on CASLE, Committee to Analyze the Student Learning Environments (Oral, 15 minutes)  
(Reports)

#### **Background Information:**

At the February 18, 2016, Regular Board Meeting, President Simon established a Board Committee to analyze the environments in CUSD classrooms, define suitable learning conditions, and create a long-term, financially viable, and prioritized plan for addressing climate issues with the objective of providing a safe, comfortable learning environment for students.

Members Smith and Pontes were appointed Co-chairs.

The Committee to Analyze the Student Learning Environments (CASLEs) is comprised of teachers and parents (many who have a background in the industry of climate control).

The initial report from the committee was given during the August 18, 2016 General Board Meeting and was essentially a status update of the pilot-room projects completed over the summer. The Second Report was given during the October 20, 2016 General Board Meeting and provided recommendations for acceptable classroom environmental conditions. This THIRD report includes:

- The results of temperature data collected from within classrooms throughout the district,
- Site heat maps,
- An update on ventilation repairs to date,
- A rough order of magnitude Solution Matrix,
- Recent actions taken by the District Office,
- Future plans.

The attached THIRD Report of the Committee to Analyze the Student Learning Environment (CASLE) intends to solicit feedback and discussion from the entire Board as to 1) the committee work completed to date, 2) recommendations for future consideration, and 3) the committee's intentions on how they will proceed from here.

The attached report includes a summary of their findings and goals.

---

This report is provided to the Board for information.

THIRD Report of the Committee to Analyze the Student Learning Environment (CASLE)

## Site Heat Maps, Pilot Room Results, Progress Review, and A Road Ahead

### Background

At the October 20, 2016 CUSD Regular Board Meeting the CASLE provided a report that identified temperature, air quality, and humidity concerns at all school sites and recommended three goals for minimally safe and acceptable classroom learning environments. It was agreed that the committee would work towards finding viable solutions that will achieve three mitigating goals. These were as follows:

1. Reduce the temperature of every classroom to 78 degrees or less on 97% of school days.
2. Provide an air ventilation system that positively impacts Indoor Air Quality (IAQ) by striving to keep the CO2 level in each classroom below 1000 ppm.
3. Investigate and install systems that can reduce classroom humidity levels to not greater than 65% while continuing to use Heat Index as the standard for identifying when classroom environments become unacceptable. On those occasions, the Superintendent shall initiate Heat Days based on in-place guidelines.

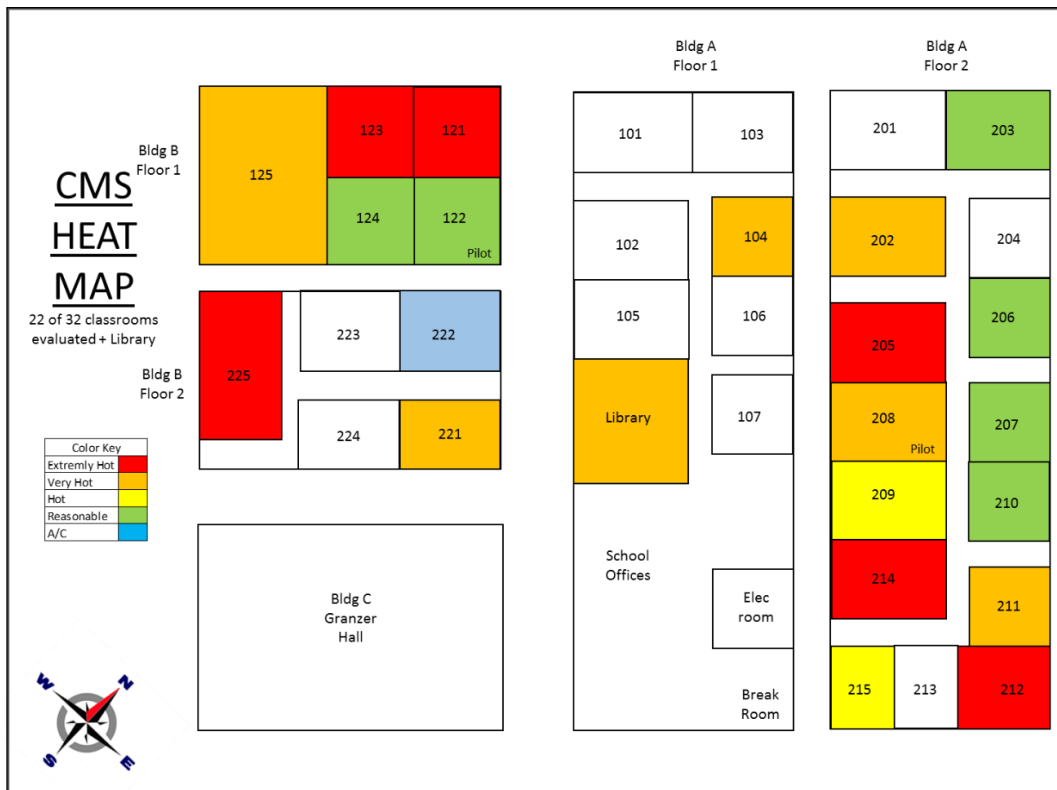

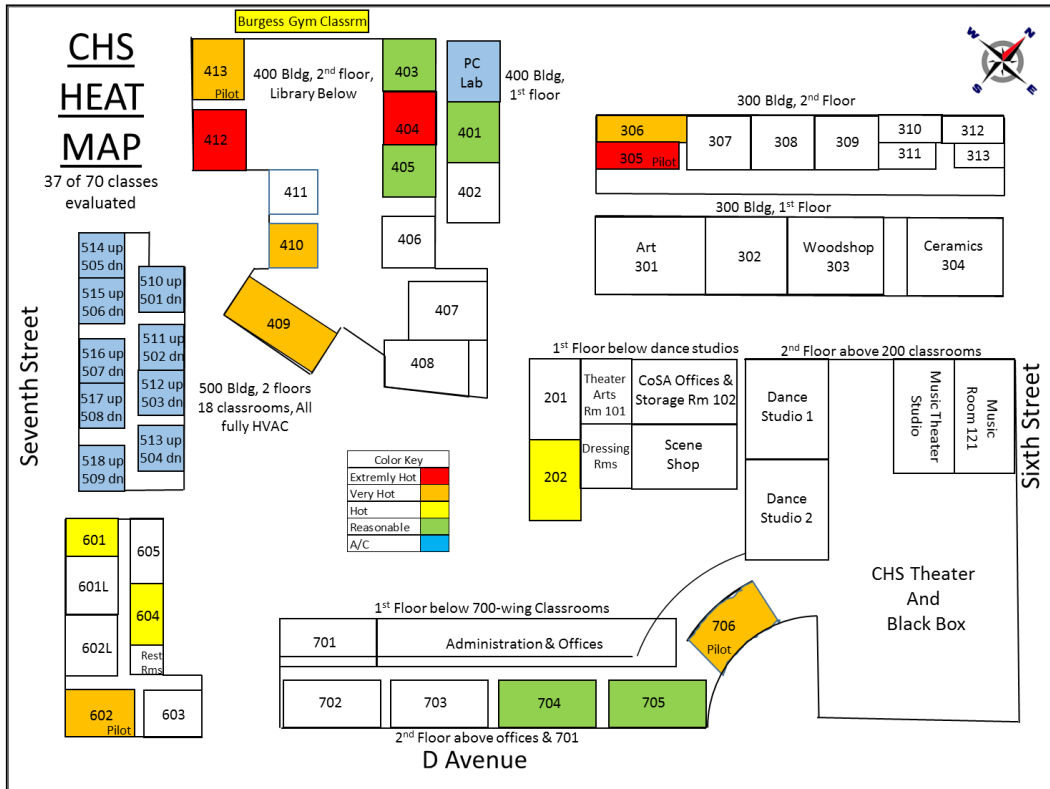

Since the reading of the Second Report, the CASLE has met three times, October 27 and November 17 in 2016 and most recently on January 12, 2017. This report will summarize action taken at those meetings and outline the work accomplished by the District Office and the committee over that time.

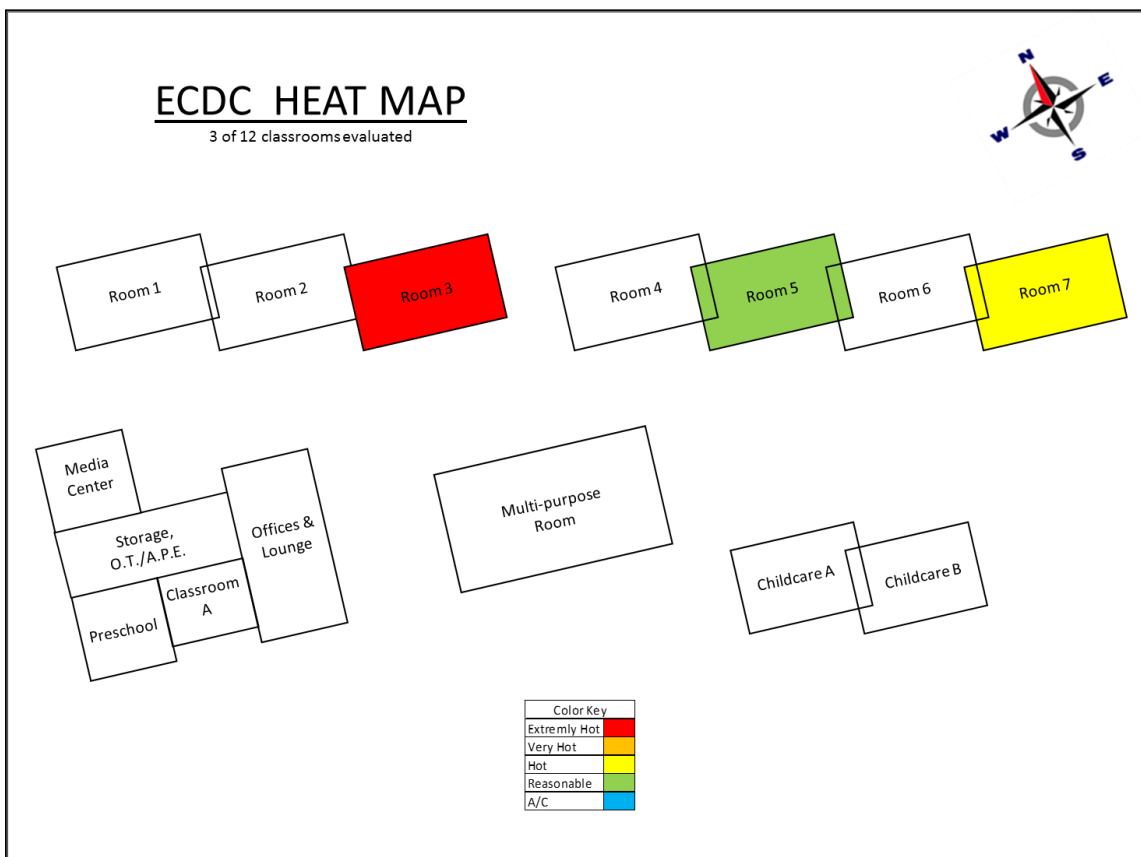

### Development of Site Heat Maps

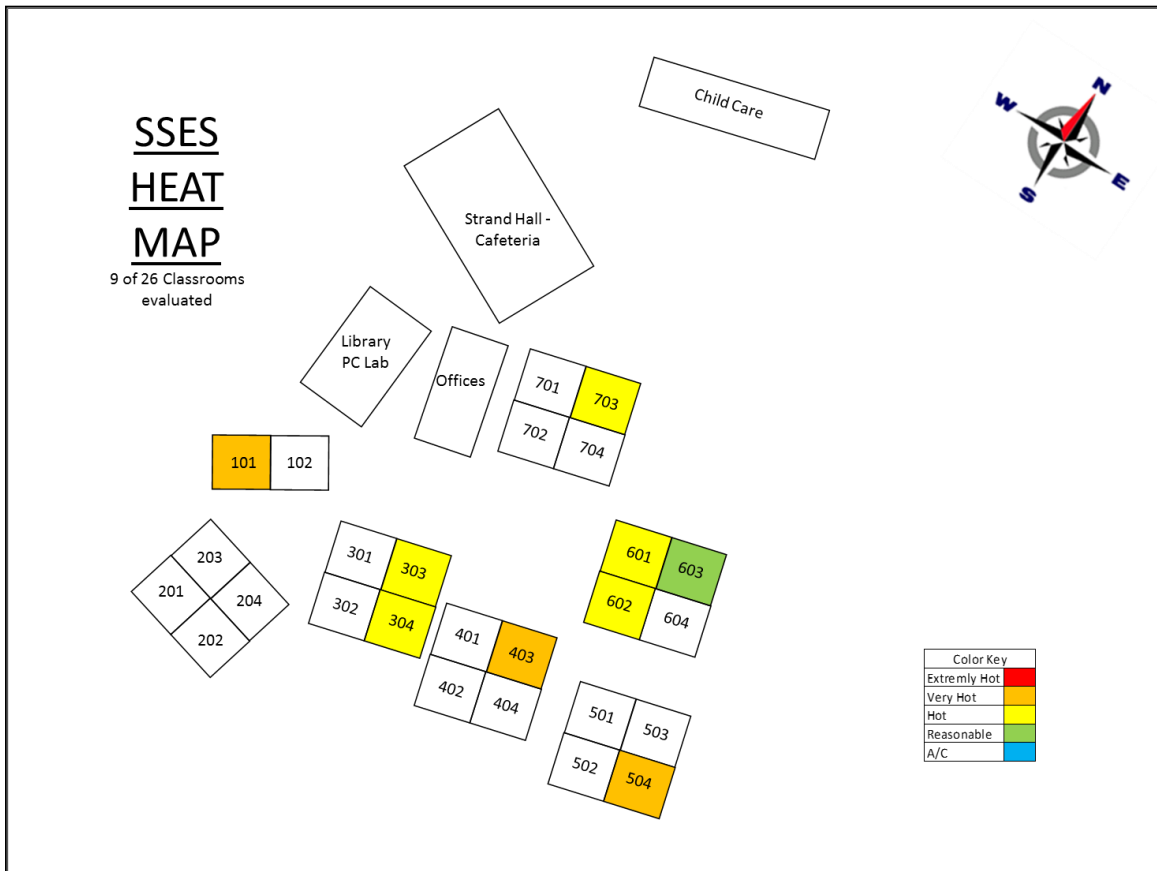

At the time of the Second Report, the committee was still collecting data on precise temperature conditions in various classrooms at all sites within the district. This data was being collected through the use of approximately 80 “data loggers” that measured classroom temperatures at five minute intervals throughout the day. The data loggers were deployed in classrooms from August 28 through October 11 under the supervision of CHS teacher Brad Couture. At the end of that period Mr. Couture retrieved the devices and turned them over to committee stand-out Jim Richmond. Mr. Richmond downloaded the data and produced “heat charts” for individual classrooms that compared classroom indoor temperatures to the time-associated outdoor air temperatures. When it became evident a late season heat wave would hit Coronado, about 20 loggers were redeployed to the worst classrooms for collection of additional data. (For those interested in seeing the raw data, links are provided in Appendix A.)

By comparing the data across all sites and campuses, Mr. Richmond was able to categorize classroom environments into five categories: Extremely Hot, Very Hot, Hot, Reasonable, and rooms that are currently fully air-conditioned. These categories were then used to develop “Site Heat Maps” to determine where problems are worse and which rooms might need prioritized attention. Please be mindful that teachers in classrooms without designations chose not to participate in data logging. Feedback from those teachers indicated that for the most part they forewent participation not because they did not have a problem, but because they knew peers had problems much worse than theirs. There were however sufficient participants so that the heat maps yield areas of greatest concern. With

a few exceptions, the worst classrooms routinely appear in buildings that have a southwesterly aspect (most direct solar insolation) and often are on the second floor (heat rises). The following maps are the result of those efforts.

### **Effectiveness of Pilot Room Upgrades**

Over the past summer, eight rooms at three sites were chosen to participate in a pilot program to test the effectiveness of new high-tech ceiling fans and solar-blocking window film on southwesterly exposed windows. These rooms were selected by the CASLE with teacher input based their empirical analysis of problem rooms. Funding for this pilot project was approved by the board at the [June 16, 2016 Regular Board Meeting](#). Here is a table of the rooms that participated and their improvements.

	# of Fans	Cost of fans \$	Fan installation \$	Window film & installation	Total Project \$
<b>CHS</b>					
602	3	\$0.00	\$0.00	27 windows (SE aspect)	
706	3	\$0.00	\$0.00	Not required (NE aspect)	
305	4	\$4,358.00	\$0.00	Large window in back corner (SE aspect)	
413	4		\$0.00	9 windows (SW aspect)	
<b>CMS</b>					
<b>122*</b>	4	\$4,358.00	\$0.00	Not Required, windows under veranda	
208	4		\$0.00	33 Windows (SW aspect)	
<b>Village</b>					
504	4	\$4,358.00	\$0.00	Not required (NE aspect)	
706	4		\$0.00	Not required (NE aspect)	
<b>Total</b>	<b>30</b>	<b>\$13,074.00</b>	<b>\$0.00</b>	<b>\$4,600</b>	<b>\$17,674.00</b>

Pilot rooms are denoted on the Heat Maps and all improvements were in place prior to the recording of room temperatures by the data loggers. Thus any benefit of those improvements would be evident on the Site Heat maps. Additionally, all pilot room teachers were interviewed to determine the effectiveness of the new fans and the window film, if it was installed in their classroom.

Across the board, teachers reported some relief from the fans but they did not provide sufficient classroom cooling to bring temperatures down to the CASLE goal of less than 78 degrees. Also, fans still had to be used somewhat strategically. Old fans blew paper around at all three of their speed selections. The new fans have seven speed settings and teachers found they would not blow papers off desks until they reached a setting of 4 to 5. Other reported benefits of the new fans were their quietness and the LED light that came standard within the housing of each fan. Some teachers reported they were able to use the LED light in lieu of their incandescent and fluorescent lamps, thus reducing the heat generated within the classroom itself. As an aside, teachers in rooms adjacent to some of the pilot rooms, particularly at CMS, mentioned in the interviews that they wished they also had the new, improved fans. Although the fans do not appear to be an across the board solution, they do positively affect IAQ and would provide relief to some of the less impacted classrooms.

The window film installed in classrooms directly impacted by solar insolation received higher praise. Teachers that had window film installed felt it made a noticeable difference in blocking radiated heat from the sun from entering the classroom environment. **The committee thus strongly urges installation of solar-blocking window film in all classrooms that would benefit from its use.** The purchase and installation costs for window film was small, the product does not wear out, and there are no associated life cycle costs with window film.

### **Ventilation System Repairs, Maintenance, and Operations**

An associated action to the past summer's attempts to improve the classroom environment came in the form of a complete evaluation and subsequent repairs necessary to restore in-place ventilation systems within our buildings. This work was contracted out to the mechanical systems firm of [Jackson and Blanc](#), a renowned Southern California provider of HVAC repair services. A complete report of their findings is beyond the scope of this report. However, inspections conducted by Jackson and Blanc exposed significant deficiencies in the availability, upkeep and operator knowledge of existing ventilation and HVAC systems. This required further contracting of the firm to do necessary repairs and scheduled maintenance of these systems until such a time as the district could hire and indoctrinate an in-house HVAC expert. This new M&O position was approved by the board at the [May 19, 2016 Regular Board Meeting](#) with the understanding that the hire would essentially pay for itself in savings from otherwise having to outsource for HVAC upkeep and repairs. In December, 2016, Mr. Aaron Flores was hired to fill this new position and is now working under the close supervision of M&O Supervisor Karen Carlson to resolve HVAC problems and improve environmental conditions for all CUSD employees, but particularly for classroom teachers and their students.

While conducting teacher interviews regarding the status of the ventilation systems in their classrooms, it was determined there was an across the board lack of knowledge in how to operate and employ the available systems within each building. To correct this shortcoming, teachers have been provided training and written instructions in how to operate their systems. This effort proved noteworthy in that it revealed additional needs for maintenance in many rooms. Since teachers were now able to identify when their systems were unresponsive, M&O Supervisor Carlson encouraged teachers to utilize trouble

tickets to report their operational problems This increased level of attention, along with the hiring of Mr. Flores, will permit M&O to be much more responsive to repair requests in the future.

An oft overlooked aspect of any expectations for in-place systems is their aging and outdated technology. Although we are fortunate to have “newer” buildings as a result of wise use of the 1980s Community Development Agency funds, Village Elementary School is now well into its third decade of life. Few HVAC systems can be expected to operate effectively beyond 20 years, especially considering the industry advances over that timeframe. At least in the case of Village Elementary School, newer systems may not be a luxury but a necessity.

### **Solution Matrix**

The Committee would like the board to realize that many different solutions and solution sets to our classroom air quality issues have been discussed and considered over the course of the nine months the ad hoc committee has been meeting. The most efficient and least cumbersome way to review our thoughts are best summarized in a Solution Matrix that, although not detailed, will provide the board and public with a feel for the range of solutions we considered and may eventually want to employ. The following “stoplight” chart is self-explanatory in most regards but further discussion can be pursued when the board deliberates this agenda item.

	Impact of purchase cost on budget	Impact of Life Cycle cost on budget	Improves cleanliness of rooms	Reduces classroom noise	Causes excessive air movement	Time to install	Structural impact	Space reqmnts	Impact on aesthetics	CASLE goals supported (*See Note)
Attic ventilators	●	●	No impact	No impact	●	●	●	●	●	1
Ceiling Fans	●	●	No impact	●	●	●	●	●	●	1
Central rooftop A/C	●	●	●	●	●	●	●	●	●	1,2,3
Desiccant Control systems (Dehumidifiers)	●	●	●	●	●	●	●	●	●	3
In-Place ventilation	●	●	●	●	●	●	●	●	●	2
Phase change materials	●	●	No impact	No impact	●	●	●	●	●	1
Split system/Heat pump	●	●	●	●	●	●	●	●	●	1,2,3
Variable Refrigerant Flow (VRF)	●	●	●	●	●	●	●	●	●	1,2,3
VRF with Hydro Kit	●	●	●	●	●	●	●	●	●	1,2,3
Window film	●	●	No impact	No impact	●	●	●	●	●	1
Window units	●	●	●	●	●	●	●	●	●	1,2,3

**\*Note:** This last column refers to the 3 CASLE goals noted in the opening paragraph of this report. Each entry represents how this individual line item supports a CASLE goal. For instance, attic ventilators will only assist in reducing classroom temperatures per the first CASLE goal. The corollary then becomes that choosing solutions in combination may yield an effective response.

- Indicates fully compliant, affordable and/or acceptable
- Indicates partially compliant, possibly affordable and/or minimally acceptable
- Indicates noncompliant, unaffordable and/or unacceptable

One additional measure discussed by our group was the procurement of solar panels. However, as they are not a possible stand-alone solution to reaching our goals, we did not feel it belonged in the above Solution Matrix. Nonetheless, the opinion of the group is that any solution that creates a significant increased demand on power consumption would have to be accompanied by serious consideration of solar panels. A solar study for CUSD was conducted in 2010, but CASLE experts on the subject agreed that study would be obsolete in light of their technological improvements since that time. Board members are asked to realize that solar is an option even though it does not appear in the matrix.

### **So What's the Answer?**

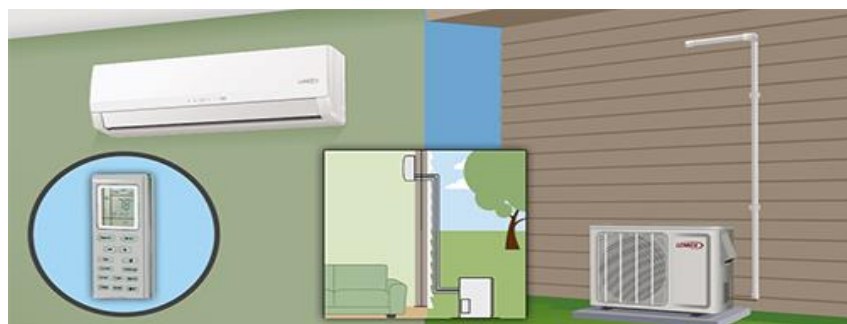

At this point, it has become clear to the committee that there is no across the board currently affordable solution answer to resolve all the issues involved in providing safe, acceptable classroom environments that will maximize student achievement and learning. The site heat maps show that there are definite areas that need immediate attention which may require high end solutions, while other rooms need only minimal, if any, work to comply with CASLE goals for temperature, air quality, and humidity. However, **CASLE members are recommending immediate action be taken to improve the learning environment in classrooms identified as "Extremely Hot."**

### **The Fireman Solution**

Realizing that funds required to make improvements are scarce and will only come at the expense of other budget line items, we have sought to find a solution that can provide quick relief at minimal cost. The idea thus evolved for a plan that became affectionately known as the "Fireman Solution" – in other words, it is one that is inexpensive and quick to the rescue. In simplest terms, this involves purchasing window units (see Solution Matrix for pros/cons of window units) and making any modifications to the window for installation. Currently most teachers use a variation of this solution in their classrooms by utilizing portable, floor standing A/C units which in all cases are incorrectly installed, minimally effective, and overly noisy. Research by Committee Member Jennifer Hershman determined that depending on the room, the Fireman Solution could be implemented for \$3,000 to \$4,000 per classroom.

### **The Split System Solution**

Another Fireman-like Solution is the installation of Ductless Split System A/C units in individual classrooms or small groups of classrooms. Basically this system utilizes an in-the-classroom "high-wall" fan coil that sits exposed in the classroom space and blows cool air through the classroom. Heat is transferred via the refrigerant lines to an outside condensing unit which evacuates it into the atmosphere. Again, referring to the above Solution Matrix, you can see that although there are several "yellow" warnings for the split system, it is the cheapest solution that provides relief in all three CASLE committee IAQ goals without any "red light" shortcomings. See picture below for a sample of a simple ductless split system.

### **Recent Actions Taken**

Superintendent Mueller has been an active participant at CASLE committee meetings since November. He listened not only to our arguments but also visited the sites to gain first-hand knowledge of the issues and solutions previously provided within pilot classrooms. He personally engaged site administrators and talked with teachers. It has been obvious to us since it was reported in our Second Report to the Board last October that the worst classroom environment likely belongs to CHS teacher Mr. Chao who previously not only reported high temperatures and humidity but extreme CO2 levels.

Superintendent Mueller recognized the need for immediate relief in Mr. Chao's room 305 at CHS and over the holiday break he directed the installation of a ductless system in that room. The install is complete and was done for \$5,150. Mr. Chao can now fully control the environment within his classroom from his desk (or anywhere else in the classroom) using the unit's remote control. Upon inspection of the install during the week after break, CASLE Co-Chair Smith noted wide smiles and the gracious appreciation of Mr. Chao and his 30 plus students in the room at the time. This single point installation will now serve as a pilot for possible extension of this solution into other rooms.

At the November 17 CASLE meeting, Superintendent Mueller first expressed his desire to proceed more straightaway with classroom environmental improvements. At that point he informed the committee of his intention to seek a Request for Proposal (RFP) through the San Diego County of Education to have three firms come to our sites and conduct a design build process to give us an "ala carte menu" of options to choose from that will improve our ventilation and IAQ issues. At a cost of \$25,000, the district will receive, for subsequent presentation to the board, a properly engineered and fully vetted range of solutions to our problems. To assist these firms in providing viable, accurate, and affordable proposals, they will each be given full access to all data collected and recommendations made thus far by the CASLE team. Superintendent Mueller will make the RFP available to those board members wishing to review it in its entirety. The proposals are expected by the end of February, hopefully in time to consider any improvements the Board may wish to undertake over the 2017 summer break.

### **The Road Ahead**

The Committee is appreciative of Superintendent Mueller's more aggressive approach to having his staff move forward with resolving classroom environmental issues while utilizing the CASLE team for professional advice, stakeholder input and oversight. Thus we have scheduled our next meeting for March 16, 2016 when we can expect to have the results of the RFPs in hand. At that time the CASLE will review them and make recommendations to the board as to what we feel would be the best road ahead. With the varied backgrounds and extensive professional expertise of those on the committee, we are confident that we will be capable of endorsing for consideration only those plans that are efficient, viable and affordable. If necessary, we will also investigate funding streams for any recommended improvements.

## 7.0 INSTRUCTIONAL PROGRAMS & STUDENT ACTIVITIES

### 7.1 Revision to Coronado High School Science Graduation Requirements

#### **Background Information:**

The CUSD Governing Board passed Resolution #14-05-01, approving the adoption of the Next Generation Science Standards for grades K-12 in May 2014. CUSD has a transition plan for all grades, currently as follows:

Grade	Status	State Assessment	Instructional Materials (CA State Board of Education will adopt new NGSS aligned materials in 2018-19)
K-2	Awareness Phase	N/A	Spring 2017 Delta Education Foss Kits to be purchased as bridge materials and training for implementation in 2017-18
3-5	Gr 3 and 4 Awareness/ Transition Phase	N/A	Fall/Winter 2016-17 Delta Education/Foss Kits were purchased as bridge materials; Jan 2017 training for implementation of at least one unit in 2016/17; 2017-18 teach all 3 units
	Gr 5 Transition Phase	Tested Grade: Spring 2017 – Pilot Test Spring 2018 – Field Test Spring 2019 – Operational Test  <i>Note: the new NGSS test will assess 5<sup>th</sup> grade students on K-5 standards.</i>	Fall/Winter 2016-17 Delta Education/Foss Kits were purchased as bridge materials; Jan 2017 training for implementation of at least one unit in 2016/17; 2017-18 teach all 3 units.
6-8	Full Implementation Year 4	Gr 8 is Tested Grade Spring 2017 – Pilot Test Spring 2018 – Field Test Spring 2019 – Operational Test	CMS teachers wrote curriculum/digital text aligned to NGSS which is constantly being updated.
9-12	Transition Phase	Gr 11 or 12 will be Tested Grade when operational based on likely completion of proposed 3- year course sequence) Spring 2017 –Gr 12 Pilot Test Spring 2018 – Field Test Spring 2019 – Operational Test	CHS teachers are currently revising all science courses to align to NGSS and proposed 3- year course sequence using current instructional materials.

#### **Reports:**

The Next Generation Science Standards (NGSS) allows for different course models and sequences for

CA high schools: integrated or transitional science course content, and 3 or 4 year course sequences.

The entire CHS science department has studied these options and strongly recommends that CUSD adopt a 3-year traditional course sequence: Biology, Chemistry, Physics with Earth/Space Science standards integrated into all three courses.

(Please reference pg. 28 of the NGSS Framework

[http://www.nextgenscience.org/sites/default/files/Appendix%20K\\_Revised%208.30.13.pdf\\_.](http://www.nextgenscience.org/sites/default/files/Appendix%20K_Revised%208.30.13.pdf_.))

This 3-year course sequence would necessitate a 3-year graduation requirement for Coronado High School students in order for all students to receive instruction on all of the NGSS, instead of the current 2-year science graduation requirement. CUSD proposes that this new graduation requirement be implemented beginning in the 2017-18 school year affecting next year's freshman class. If approved, this 3-year science requirement would not affect students in grades 10-12 for the 2017-18 school year.

It is important to note the following:

- Of the current 2016-17 12<sup>th</sup> grade students, 64% of students have already completed or are currently taking 3 or more Science classes.
- A 3-year course sequence is recommended by the University of California A-G guidelines.

**Financial Impact:**

Transitional Instructional Materials and/or paid time for curriculum revisions.

## **AGENDA - January 19, 2017**

### **8.0**

#### **8.1 Proposed List of Agenda Items for Future Board Meetings**

##### **Background Information:**

The Board requested that a list of topics for future Board agendas be published monthly to inform the public of proposed Board reports, items that will be discussed, and items to be voted on by the Board.

##### **Reports:**

To assist the Board in planning, the topics listed below are tentatively scheduled for the months indicated. Dates may vary due to the availability of necessary information. The reports are in addition to regular information and action items such as personnel and business items which appear on the agenda every month.

##### **February 16, 2017 Regular Board Meeting**

- Instruction/Learning Survey Results
- Learning Report: PE instructional minutes and PFT report
- Business Services Report
- Human Resources Report
- Board Policy Updates First Read
- Nominate Delegate Assembly Representatives
- Technology Plan

##### **February 21, 2017: Strategic Planning Meeting**

- Silver Strand Elementary

##### **February 22, 2017: Strategic Planning Meeting**

- Village Elementary School

##### **February 23, 2017: Strategic Planning Meeting**

- Coronado Middle School

##### **February 24, 2017: Strategic Planning Meeting**

- Coronado High School

##### **March 9, 2017 Regular Board Meeting**

- Preliminary Elimination of Particular Kinds of Services
- Second Interim Report
- Learning Report
- Human Resources Report
- Business Services Report
- Board Policy Updates Second Read

##### **April 4, 2017 Regular Board Meeting**

- Uniform Complaint Quarterly Report
- Approve DO and Site Strategic Plans
- Board Policy Updates
- Special Education Report
- Learning Report
- Human Resources Report
- Business Services Report

**May 18, 2017 Regular Board Meeting**

- Final Elimination of Particular Kinds of Services
- Board Policy Updates
- SAFE Annual Report
- CSF Annual Report
- Character Counts Report
- Learning Report
- Human Resources Report - Staff Evaluation

**Financial Impact:**

There is no impact to the general fund as a result of this report.
