**Note:**

You may notice that this contract listing is longer than usual for any given month. Please note that Master Contracts and Service Agreements for special education have traditionally been approved on a rolling basis as individual education plans (IEP) are updated. To streamline budget and planning processes, staff have prepared these agreements in anticipation of student needs for the *entire school/fiscal year* (previously, contracts were created according to IEP dates/timelines). Payment for services shall only be payable upon consent of an IEP as evidenced by a signed parent agreement. This contract listing is not an exhaustive listing, and additional contracts and amendments will still be processed throughout the year as needs change.
